

# How to Setup Windows Mobile App

## Install Instructions:

Enter your IP address and port

Device code from Datamaxx 7 Application setup screen

Check this box if you have a es400 and leave unchecked for Janam brand scanners

Settings

Web Services 1.0.20.0

http://69.193.132.138:5500

Device Code

1001

☐ High Resolution Mode

Device Scanning Levels

Settings

☒ Use Scan Codes

☒ Use Auto Filter

Delay Auto Filter (milliseconds)

500

☐ Use Text Search

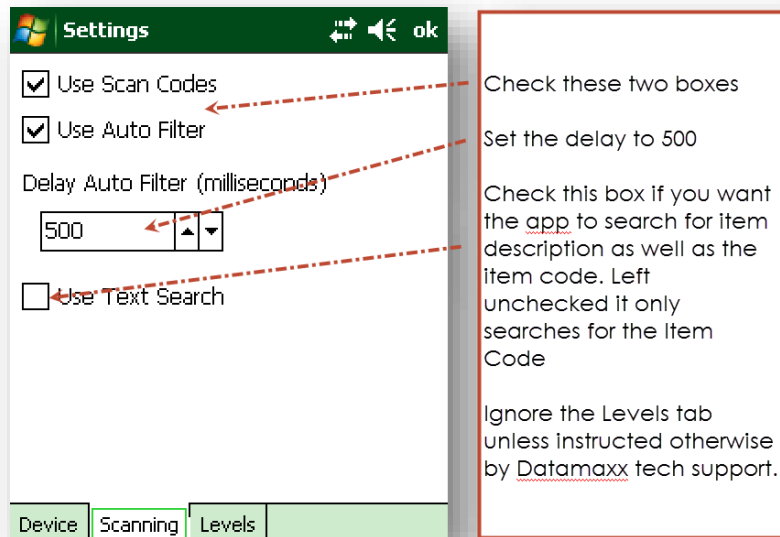

Device Scanning Levels

Check these two boxes

Set the delay to 500

Check this box if you want the app to search for item description as well as the item code. Left unchecked it only searches for the Item Code

Ignore the Levels tab unless instructed otherwise by Datamaxx tech support.

Go ahead and get started.
